

TOURS

Tour Operators United for Runners

Guaranteed Success
For Your Sport Travels

Australian Outback Marathon *Ayers Rock, Australia*

Who We Are

T.O.U.R.S (Tour Operators United for Runners) is an association of selected global tour operators who specialise in sports travel, specifically running.

Who We Represent

We represent 35 members from 22 countries across Europe, Asia, North America, South America, Oceania and Africa.

What We Do

Members pride themselves in always delivering a high level of customer satisfaction. For 29 years we've been ensuring that our clients gain access to the best travel services for the world's best running events.

T.O.U.R.S works closely with the race directors of the world's leading events and we can guarantee entries to the most popular, oversubscribed events. Our members offer various travel packages to suit different budgets and needs.

Members co-operate with each other regularly on many worldwide tours, leading to greater efficiencies and savings for clients, and we also support one another's own events.

The T.O.U.R.S. Benefits

By working with members of T.O.U.R.S. you know that your international runners will receive professional and personalised service. This is especially important when problems and natural disasters arise as we have the expertise to ensure that our clients are looked after in the best possible way. Only professional tour operators who hold appropriate accreditation and insurance cover can handle such situations.

Global Reach

T.O.U.R.S. sends over 30,000 runners to over 60 events worldwide every year, ranging from short distances of less than 10kms to Marathons (42.195kms) and Ultra-Marathons.

Virgin Money London Marathon *London, England*
